The German Student Lamp, sold by Dr. F. A. Walter, is the best article of the kind I have ever used. I bought one of him more than a year ago, and have been more and more delighted with it. The use of kerosene with it seems to be perfectly safe, and the light is very bright, and exceeding

PIANO FORTES,
Baltimore, Md. THESE Instruments have been before the public for nearly thirty years, and upon their excellence alone attained an unpurchased pre-eminence, which pronounces them unequal-ed. Their Tone combines great power, sweeted. Their Tone combines great power, sweetness and fine singir:g quality, as well as great
purity of Intonation, and sweetness throughout the entire scale. Their Touch is pliant
and elastic, and entirely free from the stiffness
found in so many Pianos. In Workmanship
they are unequaled, using none but the very
best seasoned material, the large capital employed in our business enabling us to keep
continually an immense stock of lumber, &c.,
on hand.

All our Square Pianos have our New Im-proved Overstrung Scale and the Agraffe Tre-

ble.
We would call special attention to our late improvements in Grand Pianos and Square Grands, Patented August 14th, 1866, which bring the Piano nearer perfection than has yet been attained.
